DTE CODE: 3035

About Us

Established in 1997 as the Institute of Technology for Women, Usha Mittal Institute of Technology (UMIT) has grown into one of India's premier engineering colleges dedicated exclusively to women. Renamed in 2004 following a generous endowment by the Lakshmi Usha Mittal Foundation, UMIT remains committed to nurturing the next generation of women leaders in technology.

Usha Mittal Institute of Technology is approved by AICTE and recognised by the Directorate of Technical Education, Maharashtra [DTE]. The Institute offers an industry-relevant curriculum with a strong research-centric approach, ensuring students are well-equipped for real-world challenges.

With an outstanding placement record and a dynamic alumnae network, UMIT continues to foster excellence in technical education and professional growth.

Our Programmes

01 | B.Tech (4-Year Full-Time Degree Programme)

- ✓ Computer Science and Technology
- ✓ Information Technology
- ✓ Computer Engineering
- ✓ Electronics and Communication
- ✓ Data Science
- ✓ Artificial Intelligence

02 | M.Tech (2-Year Full-Time Postgraduate Programme)

- ✓ Computer Science and Technology
- ✓ Electronics and Communication

03 | Ph.D.

- ✓ Computer Science and Technology
- ✓ Electronics and Communication

04 | Integrated B.Tech + M.Tech (5-Year Programme)

- ✓ Computer Science and Technology
- ✓ Electronics and Communication

Motto

An Enlightened Woman is a Source of Infinite Strength

Vision

To be an academic institute of technology of high repute that would transform the lives of young women, empowering them through world-class engineering education.

Mission

- To promote continuous learning and research in core and emerging technologies
- To foster professionalism, teamwork, innovation and entrepreneurship while strengthening collaboration with Industry and academic organisations
- To imbibe ethical and social values among students
